**Lake Winnebago is Famous for its Wind & Chop!**

**Wind Power is Famous for its World Class Regattas!!**

**Sail, party, and just hang with The Best in the Mid-West**

The **MOWIND** Racing Team!!!

# **WINNEBAGO SUPERCROSSING**

**MoWind**

**2009 Points Regatta**

**Friday, Sept. 12<sup>th</sup>, 2007**

**Sponsor: A-AEXTERIORS.COM**

**Race Director Jeff Knutson**

The Lake Winnebago Super Crossing kicks off the 2009 MoWind Race Series. This race is not for the Short Distance Sailor. The course is determined the day of the race, BUT... it could be across Lake Winnebago the Looong way - only 28 miles. Jeff is famous for supplying an event full of laughs!!!

## **Schedule of Events**

**Friday, September 12<sup>th</sup>** at Wind Power in Fond du Lac, WI.

**1:00 pm Skippers Meeting** Waterproof business cards will be given out with a phone number to call if you need to get picked up. There will not be a chase boat. Each sailor is responsible to make it to land under any conditions, so prepare yourself and your equipment.

**1:15 pm: Race Starts** Skippers will start on land

**??:??pm Start of Second Long Distance Race**

**??:??pm Race Ends.** Finish will be on land

**The party starts at Sunset Supper Club**

**Wind Power Lost and Found:** A mast extension was left behind in Roosevelt County Park after the Walleye Wagatta. A boom and mast extension were left behind after the Menominee Water Front Regatta. Call Wind Power with a description!

**The new Mistral Equipe III** is the revival of the famous and successful Mistral longboard.

This board merges the traditional longboard concepts with the modern shape standards to get longboard sailing on the next level. The 383 cm long board with a concave deck for higher stiffness has all the must haves of the lightwind sailing implemented like the full and straight rails for ultimate upwind performance even carrying really big sails. The extra long full carbon daggerboard gets the board railing in lowest windspeeds already, while creating a least amount of drag. For changing conditions the daggerboard position can be fixed in various positions. The tri-concave bottom ensures early planning while the V in the 42,6 cm wide tail offers best control in higher speeds. 286Ltrs. 383 x 71

Wind Power is proud to announce the birth of the Equipe III. Is this a future best selling board?! A limited supply will be brought to the USA, so place your order this fall to ensure one for next year, call Kevin. The Equipe III will take you to the next level of the longboard revolution!
